DETAILED ACTION

1. The reply filed on 15 November 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The information disclosure statement filed 15 November 2004 fails to comply with 37 CFR 1.97(c) because it lacks the fee set forth in 37 CFR 1.17(p). It has been placed in the application file, but the information referred to therein has not been considered.

It is additionally noted that the above-cited information disclosure statement, which purports to correct the deficiencies noted by the Examiner in the previous Office action, does not provide the requisite identification of relevant pages for each cited publication (see 37 CFR 1.98(b)(5)).

Further, it is noted that Applicant has not merely resubmitted previously cited documents in an effort to comply with the provisions of 37 CFR 1.98, but has instead submitted new and different documents. The most glaring example of this discrepancy is the 202-page difference in length between the "Tool Interface Standards (TIS)" document submitted on 18 April 2001 (60 pages) and that submitted on 15 November 2004 (262 pages).

Applicant is again advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice,

Art Unit: 2192

whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
